Gender-Affirming Care Gathering
June 25-27, 2024 • Boise, ID

INDIAN + COUNTRY
ECHO

Clinical and non-clinical staff serving trans and gender-diverse American Indian & Alaska Native people are invited to participate in the Gender-Affirming Care Gathering. This will be a free 2.5-day training with in-person and virtual attendance offered. CE will be provided.

At this gathering, we will:

- ♥ Review elements of affirming clinic environments and best-practice gender-affirming care across the lifespan
- ♥ Explore Indigenous approaches to gender-affirming care and Indigenous peoples' gender-related cultural needs
- ♥ Hear about success stories for providing Indigenous gender-affirming care
- ♥ Discuss the current legal landscape of gender-affirming care and its implications for Indigenous gender-affirming care
- ♥ Connect with other clinicians and colleagues across Indian Country

Register Here:

The poster features a central illustration of a woman in a purple shirt and blue pants sitting on a stool, holding a bird. A moose is standing next to her, and a person in a wheelchair is sitting on the ground. The background is a dark blue night sky with stars and a full moon. The illustration is framed by a circular border with colorful feathers. A QR code is located in the bottom right corner of the poster, surrounded by more feathers and a red heart.

Introduction to the Oregon Poison Center

How Can We Better Serve You?

May 21, 2024. Presented by; Charisse Pizarro-Osilla, BSN, MS, RN, CSPI
Poison Center Director
Oregon, Alaska, Guam

Objectives

- Explain the Oregon Poison Center's function in our community
- Request ideas on how we can better serve the tribal community.
 - Identify poisoning exposures of concern
 - Learn best ways to reach the members re: poison prevention education and inform about our service
 - Discover methods of outreach messaging

Mission of Poison Control Centers

“To promote the reduction of morbidity and mortality from poisonings”

America's Poison Centers (APC)

(American Association of Poison Control Centers AAPCC)

- 55 poison centers in the US
 - Serve 50 states
 - District of Columbia
 - Puerto Rico
 - American Samoa
 - Micronesia
 - Guam
 - U.S. Virgin Islands
- Oregon Poison Center
 - Established in 1978
 - Oregon Legislature

The Oregon Poison Center serves over 5 million people in Oregon, Alaska & Guam

Oregon Poison Center

Oregon Health & Science University

Role of the Oregon Poison Center

- To provide immediate treatment advice and management for poison emergencies
- To provide poison prevention information
- To educate healthcare professionals and students
- 24 hour service, 7 days a week

OPC Staff

Over 47,900 Calls in 2023

92% Human Exposure Cases

Family Members

Pharmacists

Physicians/Nurses

EMT/Paramedics

School Staff

2023

93% accidental exposure calls from home were managed at home

- Saved over \$23 million in health care costs.
- Every dollar invested in the PC system, saves \$13.39 in medical costs.

2022 Top Five Exposure Cases by Age

Substances involved with calls to the poison center

| Top Exposure Categories by Age, 2022 | | | | | | | | |
|--------------------------------------|----------------------------------|----------------|---|----------------|-----------------------------|----------------|-----------------------------------|----------------|
| | Total/All Ages | | Children <=5 | | Children/Teens 6-19 | | Adults Age >=20 | |
| Rank | Substance | Exposure Count | Substance | Exposure Count | Substance | Exposure Count | Substance | Exposure Count |
| 1 | Analgesics | 6,651 | Cleaning substances (household) | 1,776 | Analgesics | 1,573 | Analgesics | 3,335 |
| 2 | Cleaning substances (household) | 3,539 | Cosmetics/personal care products | 1,741 | Antidepressants | 899 | Antidepressants | 2,116 |
| 3 | Antidepressants | 3,263 | Analgesics | 1,721 | Antihistamines | 660 | Cardiovascular drugs | 2,021 |
| 4 | Cosmetics/personal care products | 2,781 | Dietary supplements/herbals/homeopathic | 1,308 | Stimulants and street drugs | 482 | Sedative/hypnotics/antipsychotics | 1,871 |
| 5 | Cardiovascular drugs | 2,686 | Foreign bodies/toys/miscellaneous | 1,279 | Cardiovascular drugs | 358 | Alcohols | 1,573 |

Poison Centers part of Homeland Security team

- Poison Centers provide toxicosurveillance information
- Assistance to the Centers for Disease Control and Prevention
- Real-time data
 - find hazardous products quickly
 - follow substance abuse trends
 - detect chem/bioterrorism incidents

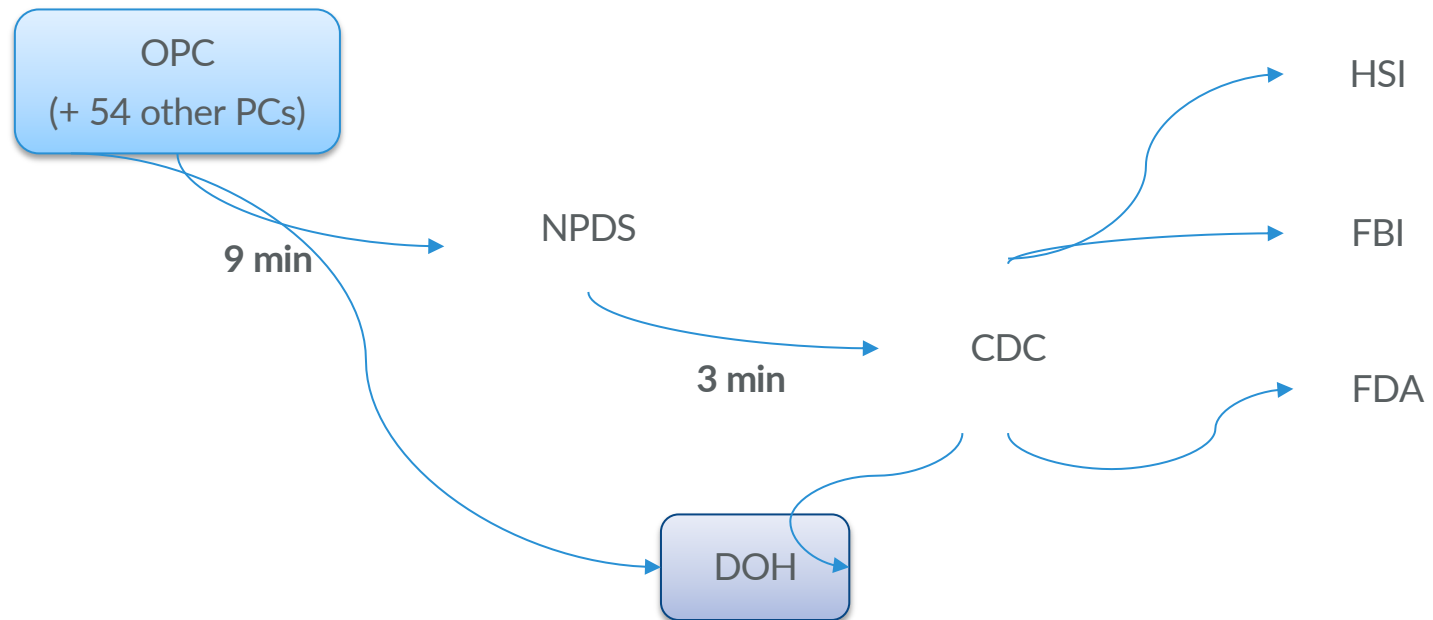

Part of the Public Health team

- OERS – we are notified of emergency chemical spills in Oregon
- Health department – Recalls and alerts, pesticides, lead, any emergency questions
- Federal programs – CDC, EPA, FDA
- APC National Database
- EMS & Fire – Hazmat, AHLS, chem-bio-nuclear terrorism

Poison Center data is dynamic

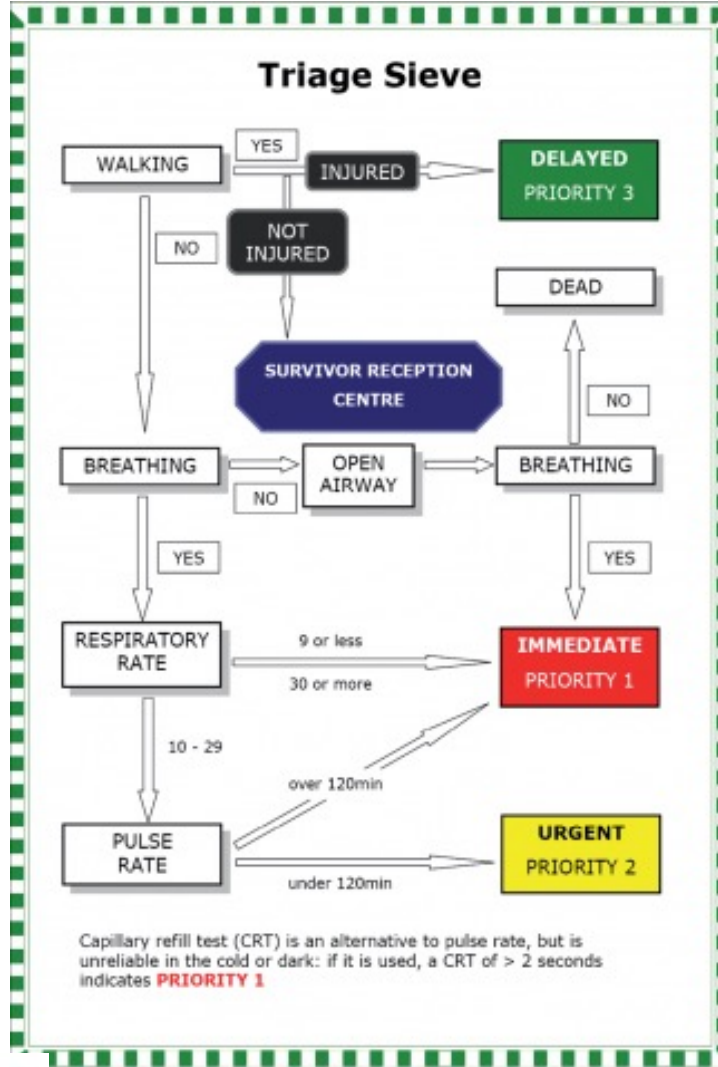

All Hazards Preparedness

We provide medical information on:

- Biologic agents
- Radiologic agents
- Biologic toxins
- Chemical agents
- Hazardous materials
- Industrial chemicals

Poison Center's Triage Priorities:

1. Acute exposure
2. Immediate assessment & treatment
3. Symptoms to expect
4. Healthcare referral, recommendations and follow-up as appropriate

Confidential Patient Information

- All information given to the poison center is part of a confidential record
- Federal law, HIPAA, protects the patient's privacy
- Our policy is available on request

Community education & outreach

- Provide poison prevention education to the public (classes, online education, training)
- Participate in community events and health fairs
- Outreach among high-risk populations
- Promote the Poison Helpline
- Equip community partners to share information/messages
- Act as a poison prevention subject matter expert among injury prevention partners

**Took the wrong drug?
Took an extra one?
Poison Control can
help:
1-800-222-1222**

Confederated Tribes of Grand Ronde Outreach

Took the same medicine twice?

Medicine mix-ups can make you worry.

Poison centers can help.
1-800-222-1222

Share hugs and giggles... not medicine.

Keep medicine up and away and out of reach of children.

One person's medicine could make another person sick.

Medicine mix-ups happen.
Poison centers can help.
1-800-222-1222

Took the wrong medicine?

Medicine mix-ups can make you worry.

Poison centers can help.
