# 2018 GPRA Dental Measures

Mary Brickell
IT Specialist/Area GPRA Coordinator

---

**What's New in 2018…**

- Integrated Data Collection System (IDCS)
  - This year 2018 the GPRA data will be pulled from the data received by the National Data Warehouse (NDW).

---

**What's has changed**

- **Tribes that don't use RPMS can be included in GPRA reporting**
  - Since Tribes that don't use RPMS still report their data to the NDW, now they can be included in the Portland Area aggregated reporting.
- **Fiscal Year vs. GPRA Year**
  - The report period has changed from July – June to October – September.
  - Dental visits, sealants and topical fluoride provided during July – September 2017 will not count toward the 2018 Dental Measures
- **Tribes can Opt-out of Reporting**
  - Currently I have put in the request for Tribes that do not use the full RPMS/EHR to be Opted out.
  - Burns      CLUSIT      Sauk-Suiattle
  - Hoh        Kootenai     Stillaguamish
  - Samish    Suquamish   Upper Skagit

---

## 2018 Dental Measures

**Access to Dental Services**

*During Fiscal Year 2018, achieve the target rate of **27.2%** for the proportion of patients who receive dental services.*

*2017 target – 29.7%*
*Target decreased by 2.5%*

---

## 2018 Dental Measures

**Access to Dental Services**

**Logic**: Patients with a documented dental visit *during the Fiscal Year*

Dental exams are searched for in the following way:

- *Dental Codes: 0000 , 0190 or 0191*
- *CPT Codes:  D0190  or D0191*
- *ICD-10 Codes: Z01.20  or Z01.21*
- *Exam Code:  30 (Dental)*
- *POV/ICD-9 V72.2*
- *Any PRC visit with an ADA code*

---

### Results – Dental Access

| | User Pop | Dental Visit | % | # Needed |
|---|---|---|---|---|
| 2015 | 82,238 | 28871 | 35.1% | MET |
| 2016 | 73,975 | 25043 | 33.9% | MET |
| 2017 | 67,890 | 23,648 | 34.8% | MET |

## 2018 Dental Measures

**Dental Sealants**

*During FY 2018, achieve the target rate of **16.0%** for the proportion of patients ages 2 through 15 with at least one or more intact dental sealants .*

*2017 target – 16.6%*
*Target decreased by 0.6%*

## 2018 Dental Measures

**Dental Sealants**

Age of patient is calculated at the beginning of the Report Period.

**Dental Sealants are searched for in the following way:**

*During the Fiscal Year*
- *Dental Codes: 1351, 1352 or 1353*
- *CPT Codes:  D1351, D1352 or D1353*

*During the past 3 years from the end of the Report Period*
- *Dental Code: 0007  (Sealant Present – No additional sealants indicated)*
   *Any PRC visit with the above ADA codes*

Results - Sealants

| | Patients 2-15 | Sealants | % | # Needed |
|---|---|---|---|---|
| 2015 | 19770 | 3364 | 17.0% | MET |
| *2016* | *17517* | *2914* | *16.6* | *MET* |
| *2017* | *15,938* | *2,933* | *18.4%* | *MET* |

## 2018 Dental Measures

**Topical Fluoride**

*During FY 2018, achieve the target rate of **30.0%** for the proportion of patients age 1 through 15 who received at least one topical fluoride application.*

*2017 target – 29.9%*
*Target increased by 0.1%*

---

## 2018 Dental Measures

**Topical Fluoride**

**Fluoride applications are searched for in the following way:**

- *ADA Codes: 1201, 1203, 1204, 1205 (old codes), 1206 , 1208 or 5986*
- *CPT Codes: D1201, D1203, D1204, D1205 (old codes) D1206, D1208, D5986 or 99188*
- *POV/ICD-9: V07.31*
- *ICD-10: Z29.3*
- *Any PRC visit with the above codes*

---

### Results – Topical Fluoride

|  | Patients 1-15 | w/Topical Fluoride | % | # Needed |
|---|---|---|---|---|
| 2015 | 20912 | 7389 | 35.3% | MET |
| *2016* | *18547* | *6531* | *35.2* | *MET* |
| *2017* | *16,879* | *6,310* | *37.4%* | *MET* |

**Performance Improvement Tips**

- If your facility's dental visits are paid for with PRC funds, ensure the final payment for each purchase order is posted (paid)
- ADA Codes are entered for each document.
- The PRC/CHS to PCC link is set to "on" position.
- If using Dentrix/RPMS, and not entering ICD-10 codes, the ZZZ.999 codes must be completed in RPMS, or they will not pass to PCC and get exported.

## Points to Ponder

Stolen from the
DENTRIX ICD-10
How to guide

### Dentrix

- You can directly complete procedures that have default ICD-10 codes.
- You must enter treatment plan procedures that do not have default codes and then add the ICD-10 code prior to completing the procedure.
- Communicate with your coder regarding this process change, they may have some more tips to make your life easier.
- If you select no ICD-10 code, ZZZ.999 is the default.
- **Please remember that you cannot modify a **Completed** procedure, you must delete the procedure and add a new procedure.**

## Thank you!
